ColorTex is a distinctly contemporary collection from Noritake. Created in porcelain, and safe for use in the microwave and dishwasher, the collection features multiple items, showcasing a glossy pebble texture on the outside, and a bright-white glazed interior. Each plate in the collection is matched in size so that it can serve as a lid for one of the bowls, and even the mug. This modularity makes storage fast and simple and provides endless options for serving and creativity in dramatic tablescapes.
